

DBA LEAD MOULD

Here's one for the DIY enthusiast – you can make your own grip leads at home. This excellent-quality mould will make 4oz grip leads and is supplied with strong tail loops, wires and rollers if you need them. There are also plans afoot for other moulds that will make 2oz, 3oz, 5oz, 6oz, 7oz and 8oz grip leads. The mould is designed to minimise flashing after pouring and to enable the lead to have a true flight with no wobble.

TSF comment A top-quality mould that will produce quality leads

GRAUVELL ZEUS S5000 REEL

This is a huge fixed-spool reel but weighs just 670g thanks to a graphite body and an aluminium spool that has a capacity of 360 yards of 16lb line. A worm-gear drive shaft ensures a good line lay, and four ball bearings and a balanced rotor combine to give a smooth performance. The bail arm is fitted with a titanium-coated line roller, which contains a ball bearing to help eliminate line twist. The multi-disc front drag gives line smoothly and an anti-reverse switch allows you to back wind.

INFORMATION

RRP £49.99

TSF comment A super-smooth, large-capacity reel for shore or boat angling

GREYS GRXI WADERS

New for 2007, these bootfoot waders offer performance and value for money. They are made with a soft, supple neoprene, which doesn't hinder movement. They feature reinforced kneepads, a front pocket for storing small items and fully adjustable Velcro shoulder straps. They are available in sizes 7 up to 13.

INFORMATION

RRP £79.99 for all sizes

TSF comment Perfect for the wading angler

BOXIT WATERPROOF PHONE CASE

This neat piece of kit should appeal to everyone who has a mobile phone. Apart from being both waterproof and dustproof, it also floats and the soft-plastic front means that you can still operate your phone while it is in the case. It comes in two sizes and several accessories are available for the case, such as a stretch wristband, neck strap, bike adaptor and belt clip, and it's much cheaper than a new phone.

INFORMATION

RRP £18.99
